### **2024 Budget Message**

The following budget was prepared according to the Dolores Library District/Montezuma County Board of Trustees Budget Policy and the guidelines set out by the Department of Local Affairs. Any questions about this budget may be directed to Sean Gantt, the Executive Director of the Dolores Public Library at (970) 882-4127 or [sean@doloreslibrary.org](mailto:sean@doloreslibrary.org). The budgetary basis of accounting timing measurement method used by the Dolores Library District for its governmental activities is the modified accrual basis.

Over the past year the Dolores Public Library returned to a normal programming environment after the pandemic, adding additional youth STEM programs and continuing the innovative adult programs from the previous years. We had one personnel change, with the departure of Emily Mason and promotion of Jillian Rash from Library Clerk to Library Assistant/Marketing to replace her. We also hired Cheyenne Smith to replace Jillian as the Library Clerk. At present we do not have a dedicated Adult Services Coordinator and the Director has temporarily assumed those responsibilities. Some highlights from this year include:

- Rearranged and updated both youth areas in the library
- Updated the phones to a new VOIP system with new hardware
- Transitioned the Fossum Fund to the Dolores Library Foundation Fund and began depositing donations
- Secured ~\$50,000 in grant funding
- Created shared digital staff calendars in Outlook for coordination and scheduling
- Signed MOU with the Friends of the Dolores Library and agreed on a new financial arrangement
- Completed trail improvements and the new outdoor Storytime area
- Updated the performance evaluation process and documents
- Prospector was integrated into AspenCat opening additional resource sharing opportunities for patrons
- Increased participation in both Youth and Adult Programs across the board

In 2024 we will continue to provide a variety of youth and adult services and programs while focusing on a few key areas including technology, STEM education, and partnership development. We will continue to replace the outdated public computers following our technology replacement plan. We are seeking additional funding to continue our new Science, Technology, Engineering, and Math (STEM) youth programs for the next year. Finally, we would like to work with the other public libraries in the county as well as other local organizations to develop additional partnerships and programs. We believe that by working with our local partners we can maximize the impact that we have in our community.

*Your community source for knowledge, personal growth, and opportunities for lifelong learning!*
